Planting Churches

Impacting lives and communities in Ethiopia by multiplying and growing Christ followers.

Four empowering trainings for church planters and church leaders.

KINGDOM DREAMER

Three empowering women's conferences.

In the remote town of Deke, lives are being transformed amidst very difficult political times. LeLisa, a farmer, lives with his wife Kumash and four children in this area. LeLisa had many problems. His wife was sick, his crops were not growing, and he lost his livestock. He worshiped a person with evil spirits and made sacrifices to evil spirits. He dreamed every night about a white snake coming to him. On January 15, 2021, he accepted Jesus Christ as his personal savior because of one of our church planters, Ajebu Tulu's work. God not only changed his heart, He transformed his life and has given him a testimony. Since that time his wife was healed from her sickness and his farm began to produce good abundant crops. He explains that there has been a transformation of peace in his family. Moreover, his wife accepted Jesus Christ as her Lord and Savior! They are both continuing to be discipled as they continue to obey the word of God. One changed life, changes another and the cycle continues!

Ten Church plants directly witnessed to over 1,400 people and led 111 people to Christ.

100's of evangelism materials distributed, 25 media devices distributed with empowering trainings loaded, 2 new audio trainings developed, translated, recorded and distributed, 1 new curriculum
